LA LONDE CÔTES DE PROVENCE

« Ici, face aux vignes, il y a la Mer ! »
 Le vignoble de cette dénomination de terroir est localisé sur la pointe côtère, au Sud-Ouest du massif des Maures. Les vignes poussent devant la mer. La pluviométrie y est faible, l'ensoleillement particulièrement généreux.
 Dans les trois couleurs, le caractère littoral marque les vins par sa finesse et son élégance. Les ROSÉS sont toujours très pâles, aromatiques et dotés d'un bel équilibre entre minéralité et rondeur. Les BLANCS subtils arborent une belle fraîcheur et exhalent des notes d'agrumes, d'abricot et de fleurs blanches. Les ROUGES, d'une couleur franche allant du pourpre au grenat foncé, sont très fruités et agrémentés d'arômes de réglisse, avec des tannins bien présents et bien mûrs. Ils gagneront en finesse et élégance avec l'élevage.
« Ici, face aux vignes, il y a la Mer ! »
 The vineyards of this terroir are located on the coastal point, on the southwest of the massif des Maures. The vines grow in front of the sea. The rainfall is low and the sunshine particularly generous.
 In all three colours, the coastal character marks the wines by its finesse and elegance. The ROSES are always very pale, aromatic and have a nice balance between minerality and roundness. The WHITES are subtle and fresh, with notes of citrus fruit, apricot and white flowers. The REDS, bearing an upfront frank colour ranging from purple to garnet tints, are very fruity with aromas of liquorice, with well present and ripe tannins. They will gain in finesse and elegance with aging.
